AKASH SINGH

ERP / SAAS IMPLEMENTATION CONSULTANT | EDTECH & HRMS

Noida, India | +91 99561 91939 | abhsingh76@gmail.com | linkedin.com/in/akash-singh-69227b137

PROFESSIONAL SUMMARY

ERP and SaaS implementation professional with 5+ years of experience supporting education-sector software deployments and operational delivery. Skilled in requirements gathering, implementation planning, data migration and validation, workflow alignment, UAT coordination, issue triage, and cross-functional stakeholder management. Combines functional consulting and deployment-team coordination with hands-on SQL validation, API testing using Postman, and issue tracking in Jira.

CORE SKILLS

ERP / HRMS Implementation; SaaS Deployment; EdTech / Education Management Systems; Requirements Gathering; Gap Analysis; Workflow Optimization; Data Migration and Validation; SQL; API Testing (Postman); Jira; User Acceptance Testing (UAT); Manual and Regression Testing; Defect Tracking; Client Relationship Management; Stakeholder Communication; Project Coordination; Risk and Escalation Management.

PROFESSIONAL EXPERIENCE

IILM University | May 2025 - Present | Gurgaon, India

Implementation Engineer (ERP Manager) | May 2025 - Present

- Plan and coordinate implementation setup for education-sector software, aligning deployment activities with institutional requirements and delivery processes.
- Work with customer stakeholders to support data migration, data checks, and transitions from existing processes or systems.
- Coordinate daily deployment operations, monitor process adherence, and support project milestones and operational delivery.
- Participate in UAT and perform manual testing across web and mobile applications to validate expected user workflows.

Entab Infotech Pvt. Ltd. | Nov 2020 - Apr 2025 | New Delhi, India

Associate Team Lead | Jan 2024 - Apr 2025

- Coordinated daily deployment-team activities and tracked implementation progress to support timely project completion.
- Managed project timelines, delivery milestones, and cross-functional communication with development, sales, and administrative teams.
- Handled client escalations, kept reporting stakeholders informed, and supported issue resolution and UAT activities.
- Reviewed implementation risks, cost-effectiveness, and delivery implications to help teams plan execution.

Senior Functional Consultant | Jan 2023 - Dec 2023

- Translated institution-specific needs into functional software workflows and implementation approaches aligned with education operations.
- Gathered customer requirements, identified process challenges, and provided functional guidance to improve solution fit.
- Coordinated data migration with customers and internal support and sales teams to minimize disruption during implementation.

Functional Consultant | Nov 2020 - Dec 2022

- Executed implementation planning and setup activities for multiple customer projects.
- Worked with stakeholders to clarify requirements, scope, timelines, dependencies, and delivery risks.
- Monitored project progress and helped standardize day-to-day implementation processes and workflows.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science | Teerthanker Mahaveer University, Moradabad | Aug 2015 - May 2019

Class XII | M.N.J.I.C, Kannauj | 2015 **Class X** | J.P.S, Kannauj

TOOLS AND METHODS

Tools: SQL, Postman, Jira | Methods: UAT, Gap Analysis, Data Migration, Data Validation, Manual Testing, Regression Testing, Workflow Optimization
